PRESERVE NEWS 2026

It has been a long summer at the Ranch, the staff is relieved for some cool weather and getting back to guiding hunts. With the last little bit of landscape work that needs done for the season, it is finally time to put the mowers and weedeaters away and break out the hunting gear which all of us have been looking forward to since the end of last hunting season.

During the off season Preserve staff is hard at it. Maintaining roads, mowing grass, working on fence, spraying fields and food plots, cutting the trails for hunting paths, prepping all the fishing gear needed for weekly fishing that goes on at the ranch, setup for private events, and much more.

With the purchase of a new 550 acres of property, staff has been diligently working on it in preparation for this coming season. The primary focus has been on getting all the old fencelines torn out, which has been a time-consuming challenge with the years of brushy growth in them. The whole exterior of the property also got new fence put up along its perimeter that will keep our bird dogs off the roadways. Overgrown areas on the property got some aerial spraying done on them and there was a lot of brush clean up that took place. Carving out new roads, building a new additional European site, working on creek crossings, building "cabanas" for parking areas, and mapping out hunting zones has consumed most of the staff's available time outside of normal day to day duties. While it will be a several year project to get it all completely dialed in good progress has been made into making it worth of the Flint Oak name and reputation.

With hunting season upon us the staff is putting on the final touches before waves of hunters start coming in. Fish feeders are topped off one last time for the season to fatten up the fish before winter. European and cabana sites have all the needed equipment for hunts and have been meticulously maintained ensuring every detail is up to standards. Paths have all been mowed, suburban's and dog trailers have been hooked up and shined up. The time of year that we have all been looking forward to is finally upon us!

HONOR FLIGHT WEEKEND

HONORING AMERICA'S GREATEST ASSETS

October 9-10, 2026

There are many special events at Flint Oak throughout the year, but few touch our hearts quite like Honor Flight Weekend.

Each October, we're privileged to host an event that helps send America's veterans to Washington, D.C., where they can visit the memorials built in honor of their service and sacrifice. It is an experience that leaves a lasting impression on everyone involved.

What makes our local Honor Flight hub so unique is its partnership with students from Parsons, Chetopa, and St. Paul High Schools. Every veteran is paired with a student guardian who accompanies them throughout the trip. These remarkable young men and women help with everything from navigating the National Mall to simply offering a steady arm or listening ear.

The relationships formed during those few days last a lifetime, and the bonds are magical to see happen. Veterans attend graduations, cheer from the sidelines at sporting events, share meals, and become lifelong mentors and friends. It's a beautiful reminder that service and gratitude know no generation.

Last year's event raised more than \$100,000, enough to fund two full flights of deserving veterans. While more than 350,000 veterans have participated in Honor Flights since 2005, over 45,000 remain on waiting lists across the country.

You can help change that.

Join us for a wonderful weekend featuring a Friday evening social, dinner, live auction, overnight accommodations, and a sporting clays shoot Saturday morning.

Together, we can honor those who gave so much for our freedom.

For additional information, please contact Bobbi Williams at 620-674-1761.

We hope to see you there.

SAVE THE DATE – SATURDAY, MARCH 27, 2027

If you've never experienced one of Flint Oak's Major European Shoots, now is the time to change that.

Each spring, members and guests gather for one of the most exciting events of the year—a day filled with fast-flying pheasants, friendly competition, outstanding food, and plenty of laughter. More importantly, every bird flushed helps support an outstanding cause.

Our annual Kansas State University Wildlife & Outdoor Enterprise Management (WOEM) Scholarship European has become one of Flint Oak's signature events. Last year, nearly 2,000 pheasants filled the skies, creating an unforgettable experience for shooters of every skill level. Whether you're chasing a personal best or simply soaking in the excitement with friends, there's nothing quite like it.

A portion of your entry goes directly toward scholarships for students enrolled in Kansas State University's nationally recognized Wildlife & Outdoor Enterprise Management program. Now entering its 17th year, the WOEM program is one of the only degree programs of its kind, preparing the next generation of

leaders in wildlife conservation, outdoor recreation, and hospitality management.

Students in the program attend classes at Flint Oak during their four-year Bachelor of Science curriculum, gaining valuable hands-on experience while pursuing a business minor alongside their wildlife education.

Thanks to the incredible generosity of our members and guests, we were able to fund five more student scholarships last year, with a total of seventy-eight awards given out since 2009. We would love to do even more this year!

This event sells out every year, so don't wait. Call the office today to reserve your place in what many consider one of the finest European Shoots in the country.

Thank you for helping us preserve the experience that makes Flint Oak a special destination for hunters, families, and guests from across the country.

NEW GROUND, NEW ADVENTURES

One of the questions we're asked most often is, "What's new at Flint Oak?" This fall, we're excited to share one of our biggest announcements in years.

We've expanded.

Earlier this spring, Flint Oak acquired an additional 550 acres of exceptional upland habitat that connects directly to our existing property. Opportunities like this don't come along very often, and we're thrilled to add this beautiful ground to the Flint Oak experience.

Of course, buying the property was only the beginning.

Since closing in late May, our Preserve Department has been putting in long days to transform the new acreage into first-class hunting ground. The crew has been busy clearing brush, building roads, installing fences, improving habitat, and preparing every inch of the property for opening day. It's been a tremendous amount of work, but seeing it all come together has been incredibly rewarding.

This fall, members will have the opportunity to hunt **five brand-new field zones**, each offering its own unique cover, terrain, and bird-hunting experience. We can't wait for you to see the improvements firsthand and discover your new favorite field.

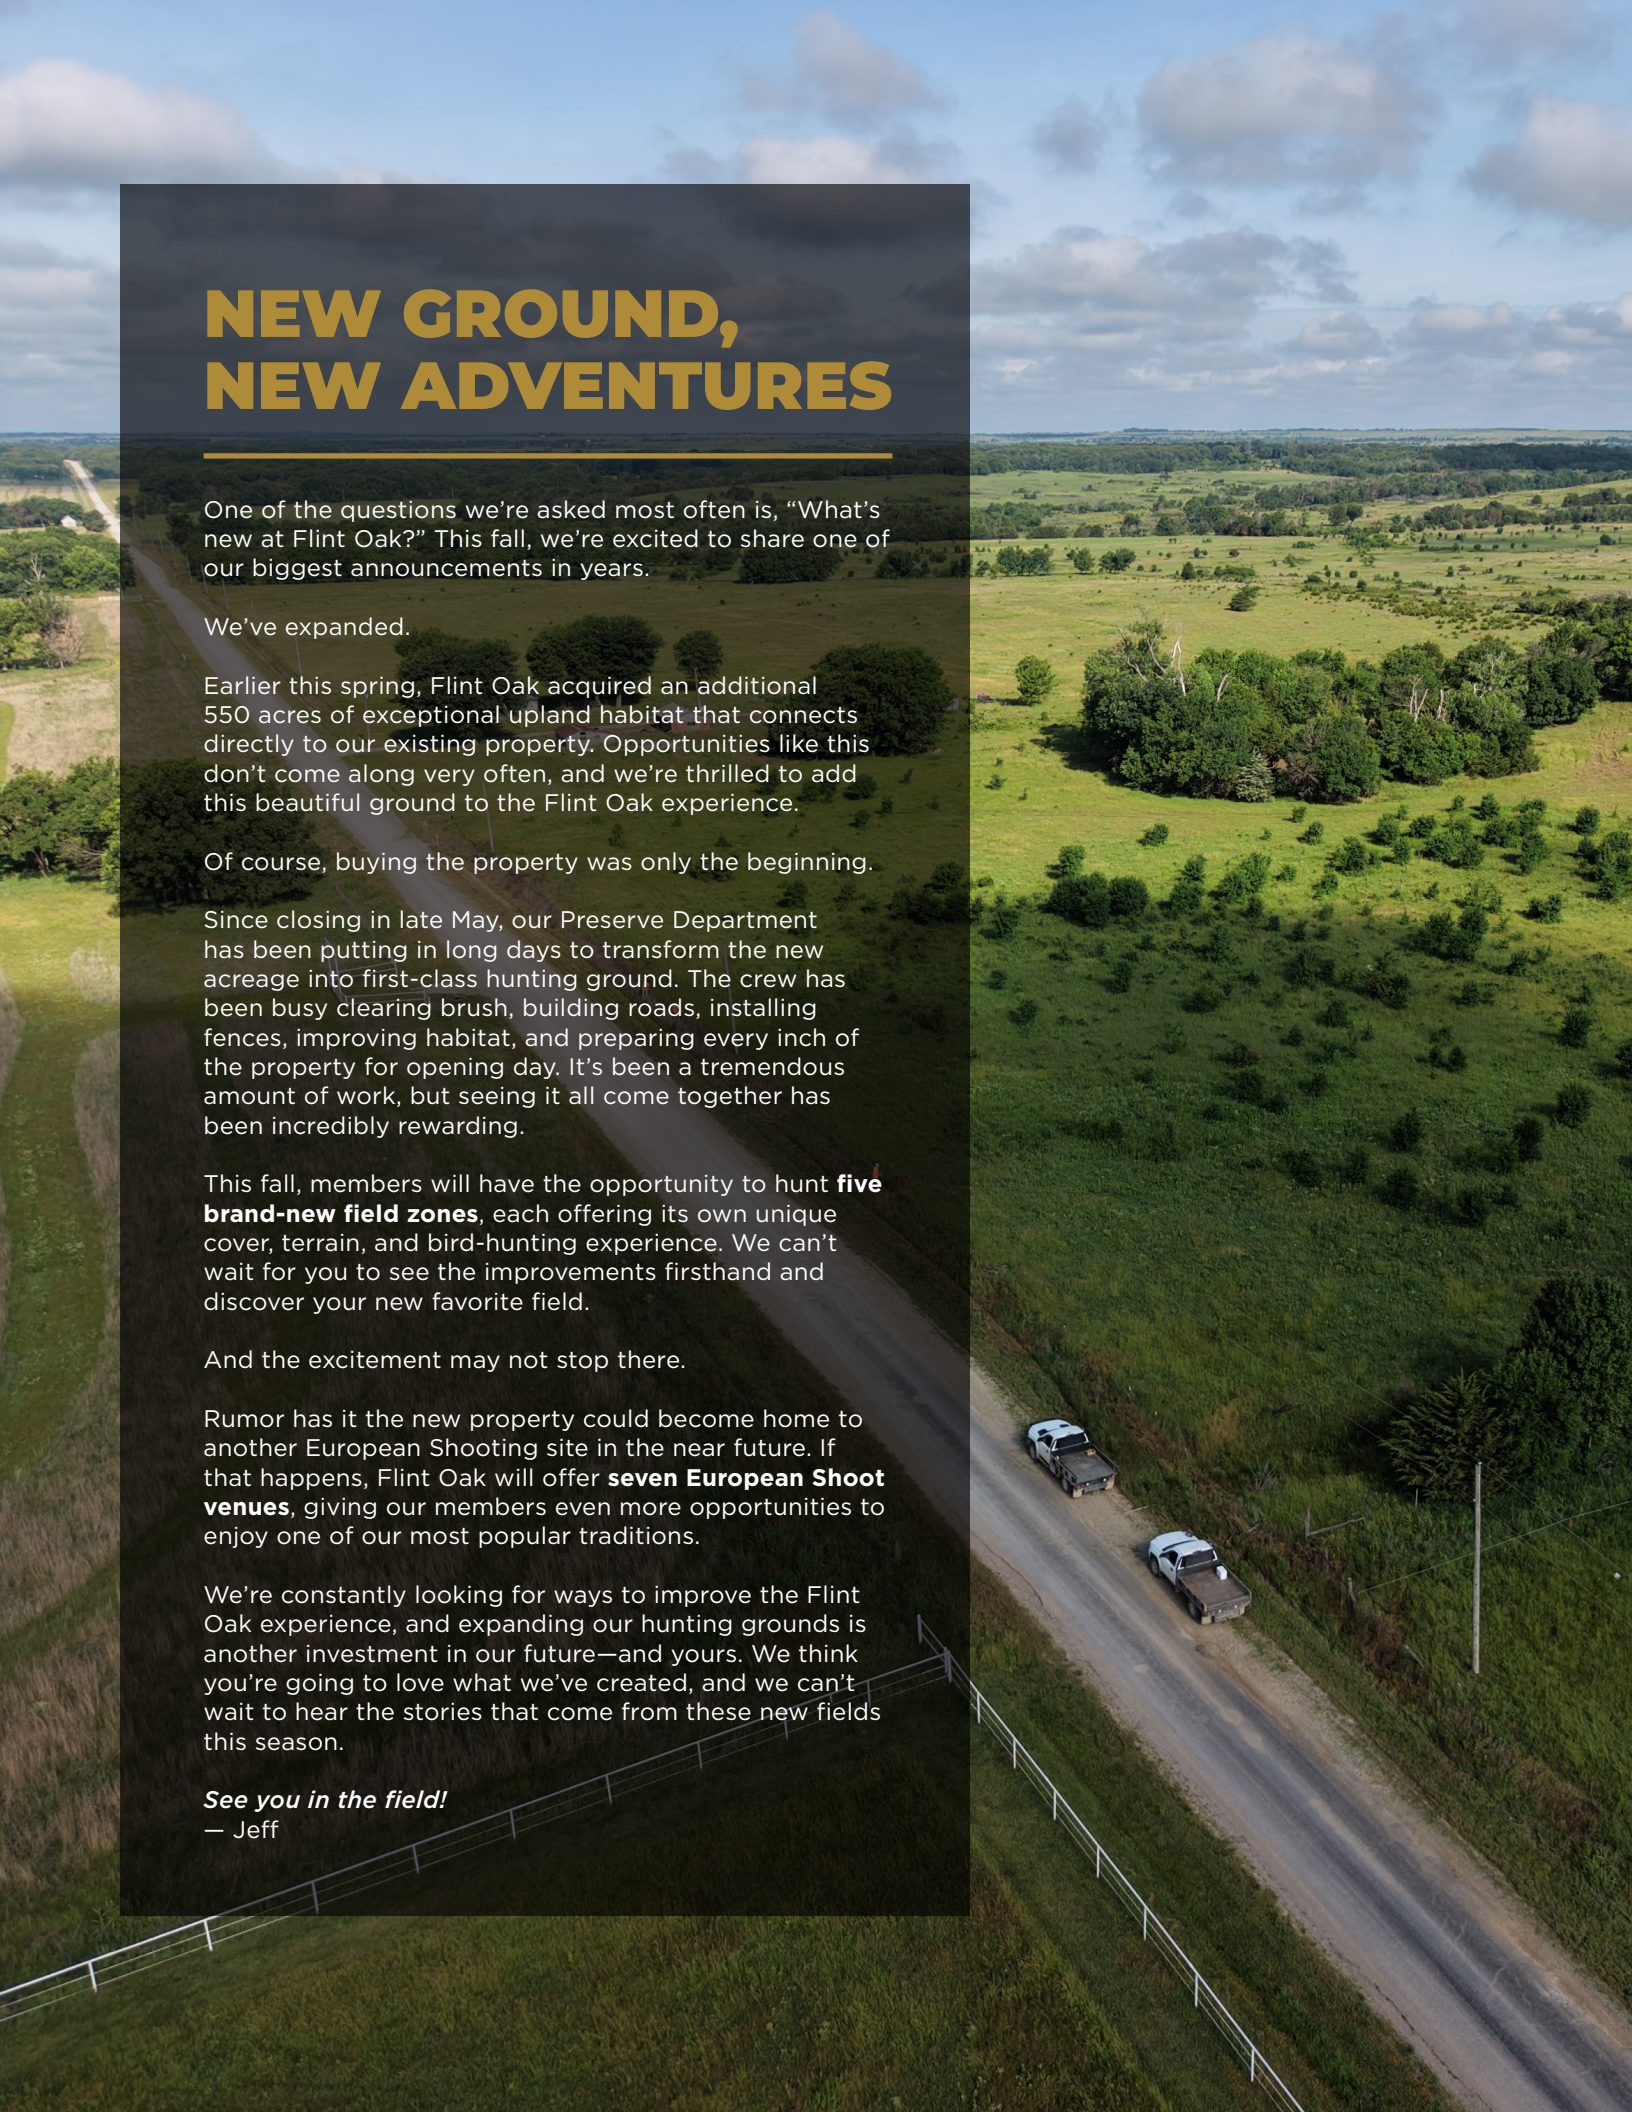

And the excitement may not stop there.

Rumor has it the new property could become home to another European Shooting site in the near future. If that happens, Flint Oak will offer **seven European Shoot venues**, giving our members even more opportunities to enjoy one of our most popular traditions.

We're constantly looking for ways to improve the Flint Oak experience, and expanding our hunting grounds is another investment in our future—and yours. We think you're going to love what we've created, and we can't wait to hear the stories that come from these new fields this season.

See you in the field!

THE BAUER RANGE: A SHOOTER'S PARADISE

I love the smell of burnt powder in the morning! Whether you're passionate about precision rifles, handguns, or simply spending a day on the range, the Bauer Range has become one of Flint Oak's most popular member amenities.

Completed three years ago, the Bauer Range features a covered 24-by-125-foot firing line with 22 shooting benches, allowing members and their guests to shoot comfortably in the shade or out of the weather. Best of all, every shooting session is by reservation, ensuring a safe, relaxed experience without crowded firing lines.

The range accommodates everything from handguns at 10 yards to centerfire rifles stretching out to an impressive 600 yards, making it ideal for sighting in hunting rifles, practicing long-range marksmanship, or simply enjoying a day at the range with family and friends.

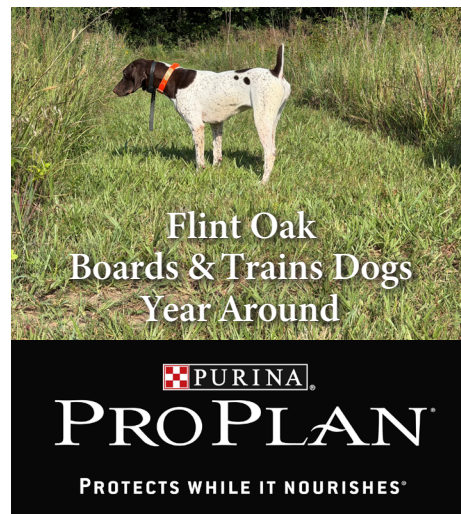

This summer and fall, we hosted two incredibly successful six-week .22 Rifle Leagues. More than 40 shooters gathered every Wednesday evening to enjoy some friendly competition, sharpen their skills, and share plenty of laughs. We have had a fantastic youth turn out for the fun. The league has quickly become a favorite tradition, bringing together experienced marksmen and first-time competitors alike. After the friendly competition each evening, participants as young and experienced (Old) gathered in The Last Shot for some of Chef Phil's fantastic eats and hydration.

Whether you're preparing for hunting season, testing a new firearm, or just looking for an enjoyable afternoon of shooting, we invite you to experience everything the Bauer Range has to offer.

We'll see you on the firing line!

— Jeff

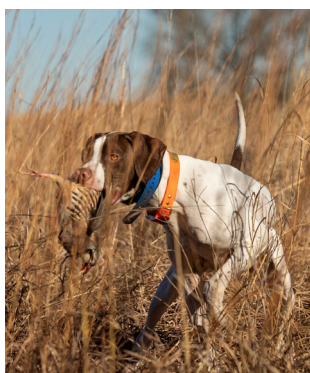

FUTURE KENNEL OF FLINT OAK

As the summer heat has hit in full force I think that it is safe to say that everyone is longing for "Hey guys, we've got dogs on point!" Over the summer the kennel staff has worked very diligently to make sure that the future of the prestigious Flint Oak Kennel is taking steps to make the already world class bird dogs even better.

In the past article we talked about the littler of German short-hair pointers out of "Flint Oaks Kate". They have completed the training program and are very eager to show our wonderful members what they are capable of. Along with the short-hairs the two Pointers out of "Flint Oaks Lilly" have also successfully completed the training program and boy are they full of energy and ready to please. The staff never settles and are already looking towards the future with plans to breed three litters of pointers over the winter months, and lets just say they are very excited for those litters to hit the ground. The first litter will be a repeat breeding of "Flint Oaks Beth" to the same outside source which produced some of the finest bird dogs you've had the pleasure to walk behind.

The second litter planned is "Flint Oaks Ann" who is going to be bred to kennel employee Devyn's stud "Devs Your Huckleberry" "Ringo" now this litter here has every possibility to be some of the fastest classiest pointers you've ever laid eyes on.

The third and final litter is going to be out of "Flint Oaks Storm" and "Flint Oaks Spike" ; these two wonderful dogs are definitely some of the guide's favorite dogs to be around.

Last winter Devyn was able to sneak away for a few field trials all be it not as many as he would've liked but he was able to qualify for the "National Bird Dog Challenge" Nationals tournament where he and his high octane pointer "Ringo" faced off against 55 of the very best bird dogs in the country.

This tournament was a bracket style tournament where so many advanced out of each into the semis and then again so many into the finals. They started with 55 and Devyn and Ringo ran a blistering 5 minute run in the hottest part of the evening and were able to make it to the semi finals round. Coming out of one of if not the toughest brackets of the whole tournament was no small task and they were very pleased but not finished yet. The following day they ran their semi finals run first thing in the morning and the team came out swinging with three birds on the card in under 5 minutes. Unfortunately they weren't able to produce their final bird before time expired and fell short of making the finals by one whole minute.

All in all the entire Flint Oak kennel staff along with the entire staff is super proud of everything Devyn and Ringo have accomplished in the past 3 years. If you see Devyn around be sure to ask him about these trials or simply tell him great job. As always the kennel staff is going to continue to work tirelessly to make sure that each and every dog is in the best shape it can be in for the upcoming season that lies just two short months away.

FLINT OAK'S PRIVATE AND OPEN DRIVEN PHEASANT SHOOTS

The driven pheasant shoot, reserved for Europe's royalty and aristocracy until the mid-20th Century, has a long and rich history. The shoot begins with the Horns men. The hunting horns blow notifying the shooters to begin and the "beaters", traditionally servants walking through the woods driving the game ahead of them, start pushing the birds towards the shooters. When the birds approach the clearing at the edge of the forest they flush high and fly very, very fast towards the waiting guns providing "missile" like targets. Traditionally, midway through the hunt, servants brought their masters food and drink and a feast at the castle followed the hunt.

Flint Oak's European shoots, in the tradition of those reserved for the kings so long ago, begins with the hunting horns. Flint Oak's rich and diverse background provides a truly exciting pheasant shooting for both the novice and the experienced gun. As the hunters' horns sound across the landscape, prepare for the most exhilarating pheasant shoot of your life. True to tradition, food and drink are provided halfway through the hunt, a welcome respite to the shooting. The hunters' lunch served at the lodge, rounds out the day.

Start planning today for a truly exciting pheasant shooting in Flint Oak's magnificent surroundings. Feel like a king; come to Flint Oak where you are royalty.

Flint Oak not only offers a variety of Private European Hunt choices, Flint Oak's "Open European Shoot", our "Grand Event", is held virtually throughout the Hunt Season (see schedule page 24). The pageantry of this event, the mix of participants, the weather and a myriad of other factors, make each and every shoot unique.

THE MAJOR EUROPEAN 78 GUNS

The Major European is the "granddaddy" of our Europeans. It has 39 blinds that surround the oak covered hills and vast rock bluffs. It includes a huge Hunter's breakfast, coffee break around a toasty campfire, a hearty lunch, and an equal share of the day's harvest. This is one of those bucket list items, and the enormous size of this European is enough to put a smile on your face.

THE PHOENIX 18-36 GUNS

The Phoenix was a mythical bird that arose from the smoke and ashes of its own destruction! Thus, we thought it was an appropriate name for this driven shoot because those birds just seem to keep rising and flying despite smoking shotguns! The dense number of oak trees on one side, along with the vast openness of the other, is sure to make it a challenge.

THE MINI-EUROPEAN 14-28 GUNS

The Mini was the first private European shoot introduced to Flint Oak in 1982. This shoot has proven to be very exciting and even sportier than we first anticipated. Remodeled into a fourteen blind shoot, the Mini will accommodate up to twenty eight shooters. Rotate every other blind with fast flying birds and quick shooting.

THE OSAGE 10-20 GUNS

The newest addition to the Flint Oak European lineup, The Osage, is located on the northwest corner of the Ranch. This beautiful area was once home to the Osage Tribe where they lived and hunted buffalo. Many artifacts have been found close to this site as well as many other areas at Flint Oak and are on display in the Lodge entryway. Challenging forested shots keep all participants entertained and smiling.

THE SCOTTIE / DOUBLE SCOTTIE

6-8 GUNS

The Scottie allows smaller groups to enjoy European style shooting. With the layout of this shoot being much smaller than any of the others, it creates an up close and personal shooting experience.

OR

Try the "Double Scottie." It is the most popular Scottie choice by our Members. It is different in the fact that the birds are doubled, the gunners rotate around the circle twice, giving more shooting opportunities and a second chance at mastering the nuances of each blind. The harvest percentage may be higher on the second round. This shoot is ideal for those small groups of friends or clients that you wish to entertain on a more personal basis.

THE MECCA

8-16 GUNS

Webster defines the Mecca as "a center of activity sought as a goal by people sharing a common interest." We at Flint Oak feel this is true with our Mecca. Sitting among some very large oaks and blackjacks that surround cedars and more oaks in the center, it makes for very fun shooting. This European is arguably one of our Members' favorites.

ADVANTAGES OF THE EUROPEAN HUNT

European shoots are a great way to introduce your friends or business clients to Flint Oak. They are designed for Private groups of all sizes. This type of shoot is ideal for those not able to Field Hunt. When you factor in the unpredictability of Kansas weather, even the most experienced shooter will be challenged, while the novice will have an enjoyable experience hunting with friends. The camaraderie and atmosphere of these shoots is a great tool for team building. With all this in mind, why not schedule your European Shoot soon? To increase the fun and add more shooting pleasure, extra birds may be purchased for each of these shoots except the Open European.

FALL DEER

2026

Fall has arrived at Flint Oak Ranch, bringing cooler temperatures, changing leaves, and the excitement of another unforgettable deer season. As the landscape transforms across southeast Kansas, our team is looking forward to welcoming hunters for another year of exceptional whitetail experiences. Whether you're returning for another season or planning your first visit, there's no better time to enjoy the beauty and tradition of deer hunting at Flint Oak Ranch.

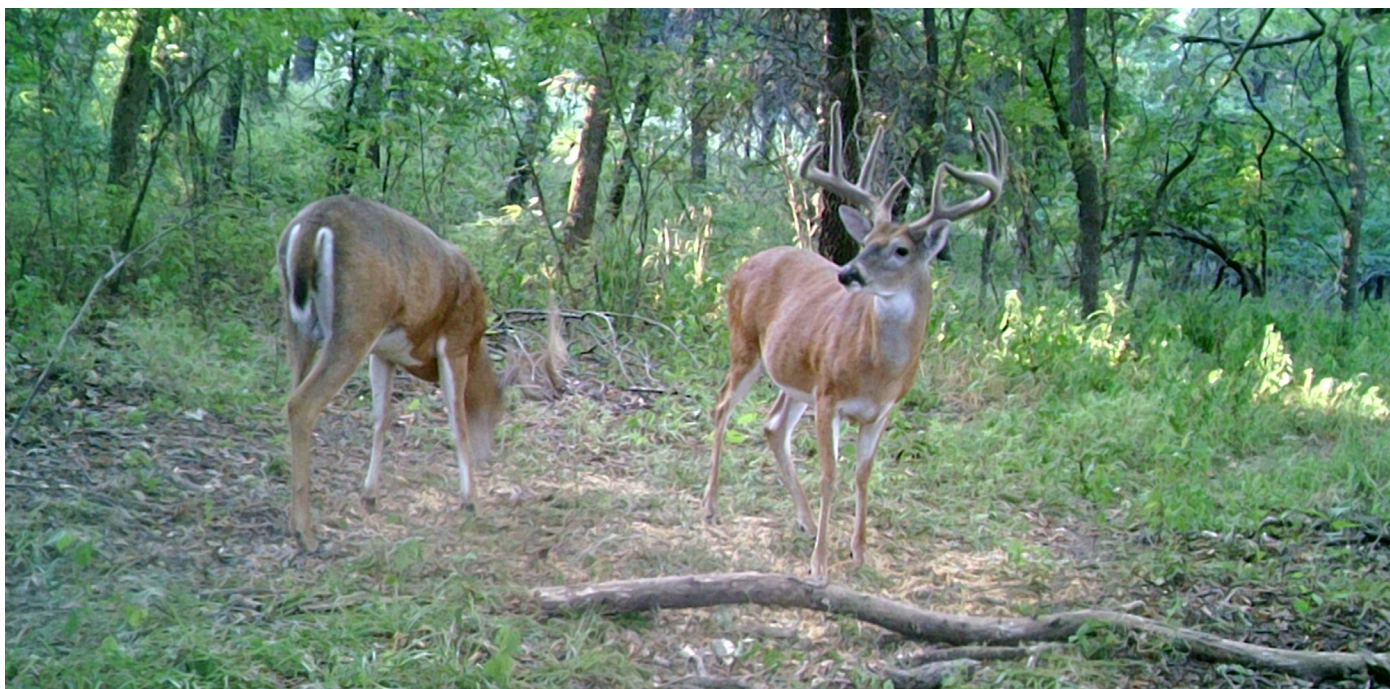

Whitetail hunting offers the perfect opportunity to slow down and enjoy the quiet moments that make the season so rewarding. From crisp mornings in the stand to peaceful evenings watching the woods come alive, every hunt brings a new sense of anticipation. Our experienced guides are dedicated to providing a safe, enjoyable experience while helping each guest make the most of their time in the field.

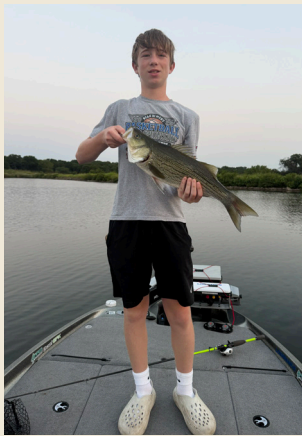

Last year four more Redneck 6x6 blinds were added to the arsenal, bringing us up to a total of eight. This offseason we purchased an additional 550 acres that will not only provide excellent bird hunting opportunities but there will also be some fantastic whitetail hunting on it as well. Throughout our summer projects there has been a couple nice bucks spotted on it already. Flint Oak has purchased two more Redneck blinds to go on this property as well bringing our total up to 10 of the nicest blinds on the market.

Beyond the hunt, Flint Oak Ranch is known for offering more than just exceptional hunting. Guests can relax in comfortable accommodations, enjoy outstanding meals, and unwind while sharing stories from the day's adventures. From arrival to departure, our goal is to provide a first-class experience that keeps hunters coming back year after year.

Reservations for the fall deer season are filling quickly, and we encourage guests to secure their preferred dates soon. We look forward to welcoming returning hunters and introducing new guests to everything Flint Oak Ranch has to offer. Join us this fall for unforgettable days in the field, lasting memories, and the tradition of whitetail hunting at its finest.

FISHING NEWS FALL 2026

As fall arrives at Flint Oak, the dropping temperatures and changing scenery make this one of the best times of year to enjoy the lakes and the peaceful outdoor experience that

Flint Oak has to offer. With three different managed fisheries, we have an option for you. Whether you're a seasoned angler or would like to go with a guide, we can put you on the fish.

Throughout the year, we have continued to focus on maintaining the lakes and improving the overall fishing experience for our guests. Careful management of the fisheries, along with ongoing property improvements, helps provide quality opportunities for anglers of all skill levels. Whether you are looking to spend a relaxing day on the water, introduce someone new to fishing, or enjoy time outdoors with friends and family, Flint Oak offers a memorable setting.

Fall brings excellent opportunities to get on the water, enjoy the beautiful surroundings, and experience some of the best fishing conditions of the year. Guests can look forward to peaceful mornings, exciting catches, and the chance to create lasting memories at Flint Oak. Our team remains dedicated to providing a welcoming experience and ensuring every visit is enjoyable from the moment you arrive.

The first fishing option available is Center Lake. This is the closest impoundment to the lodge. This option is free for members to fish, with reservation. You will be assigned your own beach for the day to come and go as you please. There is also a boat rental option to get you out on the water. This lake has been producing some nice wipers and bass throughout the summer, particularly early in the mornings and later in the evenings.

Another option is to go on a three hour guided trip on Indian lake, which is the largest of the three. Much like hour hunts a guide will pick you up at the lodge and take you to our marina, where you will get on a bass boat. On this outing sit back and relax as the guide takes you around the lake and puts you on the fish. Rods and tackle are provided with this option; however you are welcome to bring your own gear if you wish. This body of water really shines this time of year, with typically a good topwater bite going most of the day. A couple years ago this lake was stocked heavy with wipers. They are now grown up to put up on heck of a fight, and with good conditions ample opportunity.

The third lake that we have to offer is West Lake. This lake is self guided. Upon reservation a 17' bass tracker will be tied up to the dock for you to take out on your half day trip, or double book it for a full day on the water. This lake is self guided and has been known to produce 100 fish catch days with lots of bass and some nice sized wipers as well.

We appreciate the continued support from our guests and friends who make Flint Oak such a special place. As we look ahead to the fall season, we are excited for the days on the water, the stories shared, and the memories made along the way. Pair this up with a morning hunt in the field and an afternoon on the water for a fun filled cast and blast experience.

GATOR HUNTS

At Flint Oak Ranch, we believe everyone should have the opportunity to enjoy the tradition of upland bird hunting. Our side-by-side assisted field hunts (Gator Hunt) are designed to make time in the field more accessible for hunters who may not be able to cover long distances on foot. Whether you're managing an injury, dealing with mobility challenges, or simply looking for a more comfortable hunting experience, our guided side-by-side hunts allow you to stay close to the action and enjoy every moment of the day.

These hunts are also an excellent option for families introducing the next generation to the outdoors. Young hunters and tag-alongs can experience the excitement of following bird dogs, watching coveys flush, and sharing the hunt without the long walks that can sometimes make a full day in the field challenging. It's a wonderful way to create lasting memories while keeping everyone involved from start to finish. The driver of the vehicle also helps be another guide in the field, assisting with youth hunters or just navigating getting gear in and out of the vehicle.

Our experienced guides work to ensure every guest enjoys a safe, comfortable, and memorable hunt. Using side-by-side vehicles to navigate the property allows hunters to move

efficiently between fields while still experiencing the thrill of the hunt alongside exceptional bird dogs and knowledgeable guides. The result is an enjoyable outing that makes upland hunting accessible to more people without sacrificing the tradition and excitement that make it so special.

Whether you're returning to the field after an injury, looking for a hunt that better fits your mobility needs, or introducing a young hunter to upland hunting, Flint Oak Ranch is committed to helping you enjoy every moment outdoors. We invite you to reserve your fall hunt and experience how our side-by-side assisted field hunts make it possible for hunters of all ages and abilities to share in the tradition together.

SUPER QUAIL HUNTS

Fall has arrived at Flint Oak Ranch, and with it comes the excitement of another memorable quail season. Crisp mornings, golden prairie grasses, and the unmistakable anticipation of a covey rise make this one of the most enjoyable times of the year. Our team is looking forward to welcoming returning guests and introducing new hunters to the tradition of upland bird hunting in the scenic Kansas countryside.

Few hunting experiences compare to following a well-trained bird dog across rolling fields as the search for bobwhite quail unfolds. Every point, every flush, and every successful retrieve creates moments that define the upland hunting tradition. Whether you're a lifelong quail hunter or experiencing your first guided hunt, our experienced guides and exceptional dogs work together to provide a safe, enjoyable, and rewarding day in the field.

If you are ready to really test your shooting abilities and enjoy big covey rises look into booking one of our "Super Quail Hunts". This hunt will be heavily focused on quail, but the occasional pheasant or chucker makes for a nice little added bonus. Expect pure chaos to ensue when a whole covey gets up within range and be ready to pull the trigger as they are fast and very maneuverable birds.

The Flint Oak Ranch experience extends beyond the hunt itself. After a day outdoors, guests can relax in comfortable accommodations, enjoy outstanding cuisine, and gather with friends to share stories from the field. From the point in the morning to the final conversations around the dinner table, every visit is designed to create lasting memories and exceptional hospitality.

Reservations for the upcoming quail season are filling quickly, and we encourage guests to reserve their preferred dates soon. We look forward to another outstanding season and to welcoming hunters for unforgettable days in the field, great companionship, and the timeless tradition of quail hunting at Flint Oak Ranch.

DUCK HUNTS

2026

As autumn settles across southeast Kansas, excitement is building for another outstanding duck season at Flint Oak Ranch. Cooler temperatures, changing leaves, and crisp mornings signal that one of the most anticipated times of the year is just around the corner. Our team has been hard at work preparing blinds and ensuring every detail is in place to provide guests with exceptional hunting opportunities from opening day through the season.

Duck hunting at Flint Oak Ranch is about more than filling a limit—it's about experiencing the tradition of waterfowling in a beautiful setting with family, friends, and fellow hunters. Each morning brings the anticipation of the sound of wings overhead, a good dog, one of Pablo's infamous breakfast burritos, and the excitement that makes every hunt unique. Whether you're an experienced waterfowler or enjoying your first guided duck hunt, our guides are committed to delivering a safe, enjoyable, and memorable experience.

Beyond the hunt, guests can relax in our comfortable accommodations, enjoy outstanding meals, and unwind while sharing stories from the day's action. Flint Oak Ranch has built a reputation for providing first-class hospitality, making every visit as enjoyable off the water as it is in the blind.

With the duck hunts going out at first light there is opportunity to go out and get a limit of ducks and still make it back in time for a morning field hunt or European. If you want a day filled with action book a duck hunt, quickly followed up by a morning field hunt, and wrap the afternoon up with a European. This makes for a lot of shooting, lots of smiles and has become increasingly popular among guests.

Reservations for the upcoming duck season are filling quickly, and we encourage hunters to secure their preferred dates soon. We look forward to welcoming returning guests and meeting new faces for another season of unforgettable mornings, lasting friendships, and exceptional duck hunting at Flint Oak Ranch.

FIELD HUNT NEWS

FALL 2026

As fall approaches at Flint Oak, excitement is building for another outstanding field hunt season. The cooler temperatures, changing leaves, and crisp autumn air create the perfect setting for memorable days in the

field. Our team has been preparing for the upcoming season and is looking forward to welcoming hunters back for another year of great experiences, challenging hunts, time spent enjoying the outdoors and making memories.

With great rain fall throughout the spring and summer the field conditions are looking great. Our guides and staff have been working hard to ensure the fields, trails, and hunting areas are ready for guests. With the continued focus on quality habitat management and providing a first-class experience, Flint Oak remains committed to making every hunt safe, enjoyable, and unforgettable. With over 5,600 hunting acres, and 38 different hunting zones there is a vast array of different landscapes to hunt that will fit your group's needs. From rolling hills, hedge rows, timber pockets, valleys, and open seas of native grasses. The changing landscape is just one thing that makes the Ranch unique.

Last spring an additional 550 acres was purchased by Flint Oak. This property is right across the road from the rest of the main ranch. There has been a lot of hard work put into getting it ready to go for this hunting season. While there will be a several year project to get it dialed in, there will be upwards of 8 new hunting zones carved out amongst its beautiful landscape providing new and exciting opportunities for hunters. This will also help reduce some of the stress on grasses on the main ranch as well.

This fall, guests can look forward to excellent opportunities in the field along with the hospitality and attention to detail that Flint Oak is known for. Whether you are returning for another season or joining us for the first time, our goal is to provide a welcoming atmosphere, great memories, and a true outdoor experience. We appreciate the continued support of our hunters and friends who make each season special.

We are excited for the season ahead and cannot wait to share another successful fall at Flint Oak. From the first morning in the field to the final moments of the hunt, we look forward to creating lasting memories with our guests. Thank you for being part of the Flint Oak family, and we hope to see you soon!

FLY YOUR COMPANY'S FLAG

Flint Oak offers two great opportunities during your visit, the ability to fly your company flag and printing your company logo on our dining room place mats, both at no charge to you.

First opportunity, flying your flag. To fly your flag during the length of your visit to Flint Oak, simply bring it with you on your visit or send it to us in advance. Our American and Kansas flags are 4'x6'

Second opportunity, creating your own personal

placemat. Maybe you are holding your family reunion, a school reunion, or other special event. If you have an emblem or crest you would like on your placemats, request Flint Oak to print them, email the emblem to Flint Oak and your table at breakfast and lunch will be set using your own personalized placemats.

Please notify the office staff when making your reservations to make arrangements for flying your flag and printing your placemats.

INDIVIDUAL AND CORPORATE MEMBERSHIP BY-LAWS

INDIVIDUAL (Single designee)

Individual Memberships shall be issued in the name of an individual or in the name of a business or firm. Individual Memberships are assigned to one (1) designated individual and are non-transferable. The designee of an Individual Membership will be responsible for any charges incurred by his guests.

CORPORATE (Multiple designees)

Corporate Memberships shall be issued either in the name of a company or an individual associate of a professional group. A company is understood to be any entity holding a Federal Employer Identification Number (FEIN). Such named entity (whether a company or an individual associate) shall be designated as the Owner of the Membership, and the rights and privileges of the Membership are the property of the named Owner. The first Designee appointed by the Owner of the Membership shall be responsible for and billed for all charges incurred by designees and their guests. Corporate Memberships include membership rights and privileges for three (3) designated individuals. The first Designee shall be Flint Oak's contact for billing purposes. All designees must be directly employed by said company or an associate of the same firm as the Owner of the Membership. Designees may be changed at no charge provided the Owner of the Membership notifies Flint Oak in writing of the substitution.

JUNIOR (Single designee)

Junior Memberships, for those between the ages of twenty-one and forty, require current Hunt Member sponsorship, are assigned to one (1) designated individual and are non-transferable. The designee of a Junior Membership will be responsible for any charges incurred by his guests.

SENIOR (Single designee)

Senior Memberships are available to our current members, who have been a member for the previous five years and are 70 years of age or older. Membership is assigned to one (1) designated individual and is non-transferable. The designee of a Senior Membership will be responsible for any charges incurred by his guests.

Dues and Charges

1. Membership dues, regardless of Membership type, shall be paid in advance. Hunt Membership dues will establish membership for one year from the date of acceptance.
2. All monthly charges will be due the tenth of the month following the month such charges were incurred.
3. Members will be responsible for any charges and/or damages incurred by their guests. Guests will have no billing privileges.
4. Members will be billed monthly. Payments to be made by check or ACH payments (no credit cards).
5. Corporate Membership billings will be to one designated Member and will not be broken down to individual designee charges.
6. Hunt credits and/or services included with the initial membership fee must be used during the months of membership. They do not carry over to another membership year, nor are such unused services subject to refund at the conclusion of the membership. Social Memberships receive no hunt credits.

On a Corporate Membership, the first Designee or his assigned should collect and forward any monies paid in order to keep the account accurate. Flint Oak will consider the corporate membership as one account and cannot credit individuals in that account as well as assign hunt credits to individuals in that account. All monies received will be applied to earliest invoices.

The Corporate Membership rate is extended due to the reduction in bookkeeping on one account rather than three individual accounts.

MEMBERSHIPS

Flint Oak started being developed and planned in 1978 when the first parcel of ground was purchased. In 1982 when the doors first opened for Hunting, memberships were offered for sale. Many said that it would not work, but the old saying “if you build it, they will come” held true. Today we are blessed to still have many of the Charter Members and their families still involved, some enjoying their third and fourth generations in the field.

Corporate Membership

\$8000.00/4000.00 back in Hunt-Fish credits annually.
3 names on the Membership

Individual Membership

\$4000.00/2000.00 back in Hunt-Fish credits annually.

IMPORTANT REMINDERS

HUNT SEASON

Reservations & Cancellations

All activities at Flint Oak require ADVANCE RESERVATIONS. We limit the reservations we accept to the personnel and facilities we have available. Unlike the airlines, WE DO NOT OVERBOOK! If we accept your reservation, we guarantee that we will have everything required for your activities (just like buying a ticket to a ball-game). We are located "deep in the country" and do not have passerby business. Our food orders and personnel schedules are made weekly and must be based on advance reservations. Once your reservation is booked, we incur the expense of whatever advance ordering and planning are required. So if you fail to come, or cancel after the expense of preparations has been incurred, what is fair? Should all guests be penalized by increased charges to cover these expenses? Most of our guests believe it is fairer to charge a cancellation fee to those who create the increased cost!

FISHING REMINDERS

Fishing is April 1st through October 31st. Catch and release only for Bass and Wipers. See fishing rules. During these months fishing for overnight guests and Social Members is at Center Lake, Duck Pond, along the creek and Lodge Lake from the silo to the windsock. Indian Lake is not included. During the month of September fishing lakes may be booked as long as no European or Field Hunts are scheduled in the vicinity. During fishing season Flint Oak rental boats are permitted on Center Lake. No boats are allowed on Lodge Lake or Timber Lake due to the shot fall from Sporting Clays. We are very concerned about contamination of our water by zebra mussels or other invasive species. Under no circumstances will boats not owned by Flint Oak be allowed on any of the lakes or the creek. No waders allowed. Artificial bait only in the lakes, barbless hooks required

GUIDED FISHING CANCELLATIONS

Guided fishing cancellations received eight (8) days in advance, no charge; canceled seven (7) days or less \$125 per boat reserved.

MEAL DEADLINES

Please make reservations for meals by the following deadlines to allow us to prepare properly. Reservations will be accepted after deadline if we can do so with the staff and food preparations available.

Breakfast	6:00 pm the night prior
Lunch	10:00 am
Dinner	3:00 pm

Because we do not have "drop in" business, Flint Oak can seldom fill a "short notice" cancellation. The only way we can continue to provide the services you expect at realistic prices is if all guests respect and adhere to our reservation and cancellation guidelines. We have tried to structure our requirements to be fair to ALL concerned, you, other guests, and Flint Oak.
